When students are choosing electives in this program, they should consult with their academic advisor or a transfer counselor about the transferability of course selections.

Welcome to Middlesex Community College

Middlesex Community College has graduated more than 12,000 people since 1971, and during the past two decades, has grown from a single building in Bedford to a major, two-campus institution of higher education located in Lowell and Bedford.

Today, you have to take future prospects into consideration at every stage of your education. At Middlesex, we help you connect your goals and ambitions with the knowledge and skills you will need to achieve them. Middlesex offers 71 certificate and associate degree programs, many of them designed to equip you for the current and future job market.

The college is committed to educational opportunity and instructional excellence. Faculty, advisors, counselors and other professional staff are actively involved in support systems that give students the confidence and study skills needed for academic progress.

Associate in Science in Business Administration - Honors

The Business Honors Program offers high-achieving students an opportunity to participate in an enhanced curriculum that challenges their abilities and refines their professional skills. Based on the Business Administration-Transfer curriculum, the Business Honors program meets the Commonwealth College Honors requirements for two-year institutions.

The program includes honors courses in management and marketing, a general education honors elective, and required courses in ethics, leadership development, statistics and lab sciences.

Transcripts of students who graduate from the program will note their honors status.

Please refer to the Academic Catalog for Admission Pre-Requisites
