Welcome to Middlesex Community College

Middlesex Community College has graduated more than 12,000 people since 1971, and during the past two decades, has grown from a single building in Bedford to a major, two-campus institution of higher education located in Lowell and Bedford.

Today, you have to take future prospects into consideration at every stage of your education. At Middlesex, we help you connect your goals and ambitions with the knowledge and skills you will need to achieve them. Middlesex offers 71 certificate and associate degree programs, many of them designed to equip you for the current and future job market.

The college is committed to educational opportunity and instructional excellence. Faculty, advisors, counselors and other professional staff are actively involved in support systems that give students the confidence and study skills needed for academic progress.

Associate in Science in Business Administration - Hospitality Management

The Hospitality Management associate in science in Business Administration program combines industry-focused coursework with general business and management coursework. Industry-focused courses, such as Food & Beverage Management and Conference & Convention Planning provide specific skills needed in this field. The Cooperative Field Experience is a key component of the program, giving students real industry experience and a related course focused on career development and workplace issues.
