Welcome to Middlesex Community College!

Middlesex Community College has graduated more than 12,000 people since 1971, and during the past two decades, has grown from a single building in Bedford to a major, two-campus institution of higher education located in Lowell and Bedford.

Today, Middlesex offers 71 programs of study in the fields of science and technology, business, health, human services, office administration and liberal arts. A choice of academic and career-specific programs can prepare students either for transfer to further higher education, or for a particular area of employment. Fifty-five percent of students attend part-time, and range in age from 18 to 64.

The college is committed to educational opportunity and instructional excellence. Faculty, advisors, counselors and other professional staff are actively involved in support systems that give students the confidence and study skills needed for academic progress.

Associate in Science in Fashion Merchandising

The Fashion Merchandising associate in science degree program prepares students for a wide variety of careers in fashion merchandising and fashion retailing. The degree provides students with a strong business education designed specifically for careers in the world of fashion. The required Cooperative Field Placement gives students on-the-job experience in this growing, many-faceted career field. In addition to retail, buying and merchandising courses, students are exposed to a variety of general education courses designed to strengthen their overall educational experience.
