Welcome to Middlesex Community College

Middlesex Community College has graduated more than 12,000 people since 1971, and during the past two decades, has grown from a single building in Bedford to a major, two-campus institution of higher education located in Lowell and Bedford.

Today, you have to take future prospects into consideration at every stage of your education. At Middlesex, we help you connect your goals and ambitions with the knowledge and skills you will need to achieve them. Middlesex offers 71 certificate and associate degree programs, many of them designed to equip you for the current and future job market.

The college is committed to educational opportunity and instructional excellence. Faculty, advisors, counselors and other professional staff are actively involved in support systems that give students the confidence and study skills needed for academic progress.

Associate in Arts in Liberal Arts and Sciences Psychology Concentration

The Psychology Concentration associate in arts, Liberal Arts and Sciences degree program is designed for students planning to transfer to a bachelor's degree program in psychology. This program provides students with a foundation of scientific knowledge, theories, research and practical applications in psychology. Advisors and transfer counselors work with students to assist with course planning based on the interests of the student and the requirements of the intended transfer institution.

Springs Road, Bedford MA 01730
33 Kearney Square, Lowell MA 01852
