NUR 260 – Nursing Issues	1	🏛	☐
ENG 102 – English Composition II	3		☐
Gen Ed Humanities Elective	3		☐
TOTAL CREDITS	**16**		

You've **FINISHED!**

General Advising Notes

- MCC's Evening/Weekend Nursing program is only offered on the Lowell campus starting in the Fall semester.

- MCC's Nursing program is offered as a Day option and an Evening/Weekend option, and is designed to prepare nurses at the Associate in Science degree level and provide eligibility to take the NCLEX-RN (National Council Licensure Exam for Registered Nurses).

- ETH 101 Ethics & Society is recommended for the Humanities elective.

- Students often find that taking non-nursing required courses prior to entry into the Nursing program allows them to focus more effectively on the nursing curriculum.

Advanced Placement for Licensed Practical Nurses

Licensed Practical Nurses (LPNs) who meet MCC's Nursing program admission requirements may apply for advanced placement on a space-available basis. LPNs may request credit for prior learning and apply those credits to an Associate in Science Degree in Nursing.
