Career and Transfer Outlook

The Arts Administration Certificate gives students an introduction to the management and leadership skills needed to successfully work in the non-profit arts sector (dance, theater, music, and visual arts organizations).

Certificate Programs

Certificate programs can serve as the basis for further higher education or professional studies. Certificate programs require students to complete specified coursework, mainly related to particular fields of employment.

While many students enroll in a certificate program in preparation for direct entry into employment, they often return to college, part time or full time, and apply the credits previously earned to an associate degree program.
