**You've FINISHED!**

### Milestone Courses

should be taken in the order shown. This will help you stay on track and graduate on time.

### Make Your Summer Matter.

Summer is a great time to take some courses and get ahead.

## Program Description

Ready to launch or grow your business within four to 12 months? The Launch at MCC certificate program develops essential skills while actively using effective strategies to launch or grow your business during the semester. Get ready to start, regardless of academic background.

This is an applied program to help launch a business while taking courses. You must have a business you want to actively launch for this program. The certificate will also focus on various funding sources and help you to figure out a funding strategy. Graduates of this program are also eligible for the Everyday Entrepreneurs Venture Fund, a seed money opportunity.

Find out more at [www.launchatmcc.com](http://www.launchatmcc.com)

## Certificate Programs

Certificate programs can serve as the basis for further higher education or professional studies. Certificate programs require students to complete specified coursework, mainly related to particular fields of employment.

While many students enroll in a certificate program in preparation for direct entry into employment, they often return to college, part time or full time, and apply the credits previously earned to an associate degree program.

## Career and Transfer Outlook

In preparing for the 21st century economy, it is strongly recommended that students learn entrepreneurial skills. If you want to start or grow a venture now, this applied entrepreneurship certificate will help get you there in 4 – 12 months.

## Helpful Hints

It is suggested that BUS 211 and BUS 218 be taken at the same time; or BUS 211 before BUS 218.
