MATH COURSES (advising for Spring 2015)

After completion of Modules 1-12, students are eligible for:

- MAT 001, 002, 003
  Preparation for College Math
  Degree credit in some programs if modules 1-12 completed

- MAT 077
  Intro to Statistics

Career Math:
- TMA 080
- TMA 095
- TMA 096
- TMA 085
- TMA 090

After completion of Modules 1-8, students are eligible for:

- MAT 100
  Intermediate Algebra

- MAT 120
  Math Modeling
  (transfer credit)

- MAT 177
  Statistics

- MAT 182
  Precalculus for Business & Social Science

- MAT 195
  Precalculus for Engineering & Science
  (also need to take MAT165)

- MAT 195
  Trigonometry for Engineering and Science
  (Prerequisite of MAT 195 or concurrent enrollment in MAT195)

- MAT 270
  Calculus I

- MAT 280
  Calculus I for Business & Social Science

- MAT 271
  Calculus II

- MAT 280
  Calculus I for Engineering and Science

- MAT 290
  Calculus II for Engineering and Science

- MAT 291
  Calculus III for Engineering and Science

- MAT 298
  Differential Equations

Education majors:
- MAT 130
  Elements of Math I
  (transfer credit)

- MAT 131
  Elements of Math II
  (transfer credit)
