"I liked Veronica from the very first moment we met. It's very hard to find a realtor that wants to help you, that puts a priority on your needs, not on her on benefit. Her honesty, the knowledge, she knew exactly what we needed to do to sell the house in a short period of time. Easy going, she did all the calls to find professional subcontractors to do handy work in the house. she even paint a room her self, she was on top of everything, making sure I got all the documents for the closing. Smoke certificate, Inspection, moving the tenant to a new location, ETC. For this and for many others reason, I would recommend her without hesitation. Thank you Veronica" – Mario M.

"Veronica went out of here way to make me feel comfortable in the last few months. She actually came to my place of employment to introduce herself. I will surely miss her. I would recommend her to anyone looking to buy in the state of Massachusetts. She always has a smile and a very positive attitude. I would reconsider coming back to her". – Norman D.
