Office of Career Development
COVID-19 Response

In response to COVID-19, Career Development is preparing to offer remote services to students. The following options will be available to access Career Services at the college.

Contact Career Development Offices:

Email:
- Current students, utilizing their MCC Email account, may leave a message with the Office of Career Development at careerservices@middlesex.mass.edu. The message will be assigned to a member of staff who will respond to their question(s) via email.

Blackboard Collaborate:
- Current students and alumni can connect with Career Counselors via Blackboard Collaborate. Collaborate, allows for chat, voice, video, and screen share. If Collaborate is a student’s or alum’s preferred method of communication, a member of the career services team will send a link via email prior to the scheduled appointment.
  - Students should be logged into MyMCC and utilize camera and microphone on their device.

Remote Career Development Resources
- **Focus2** - is a web based major and career exploration tool that can be used in different ways throughout all stages of your education and career planning.
- **Optimal Resume** - resource for employers seeking to hire MCC students and for non work-study MCC on campus jobs.
- **CareerShift** - resource to search for company contacts, jobs and additional job search tools.
- **Middlesex Community College Career Services** – webpage for MCC’s Career Development resources.
