Since its founding nearly fifty years ago, Middlesex Community College has focused on the future of education. Today, it is one of the largest, most diverse community colleges in Massachusetts, with a 200-acre campus in Bedford and a vibrant campus in the heart of downtown Lowell. We are very proud to share that MCC was recently ranked #1 on the 2018 list of Best Online Degrees in Boston by GreatValueColleges.net and #4 on the 2018 list of Best Online Community Colleges in Massachusetts by TheBestColleges.org.

The Middlesex Community College Foundation was founded to ensure that the mission of MCC to provide an affordable education to its students while maintaining its position as a recognized educational leader, innovative community partner, provider of creative international initiatives, and agent for economic growth and workforce development continued to grow and evolve.

The MCC Foundation exists with the help of dedicated individuals, committed community partners and forward-thinking organizations who believe in the college and its mission to provide a cutting-edge, affordable education to its student body. We invite you to peruse the following pages and join us in thanking those who have given so graciously to help us continue the mission of Middlesex Community College!

Best wishes,
– James W. Henderson, Chair
MCC Foundation Board
