## Quote of the Month

“Diversity is not about how we differ. Diversity is about embracing one another’s uniqueness.”

~ Ola Joseph

## MVP Awards

*Please join us in congratulating our August MCC MVP Award Recipients*

**Jeffrey “Jeff” Durand**, EDP Systems Analyst IV within the IT Infrastructure department, has been with the College since October 22, 1997. An excerpt from Jeff’s nomination form provided: *“His accomplishments and work ethic go a long way towards Student retention. When students work on real patients in the Dental Lab they need to have working stations. Jeff is on top of any issues and the students are able to get their work done. This environment can be stressful for students and having proper working equipment goes a long way to keeping students here at MCC. [Additionally] the College is able to work remote due to Jeff making sure the virtual desktops are working. Anytime someone needs helps, he is the first person to assist and get the job done in a timely manner.”*

**Jessica Frost**, Director of Veterans Center within the Veterans Affairs department, has been with the College since December 2, 2014. An excerpt from Jessica’s nomination form provided: *“Jessica has worked closely with multiple entities at the college including Academic and Student Affairs, alongside our School Certifying Officials, who assist students with their academic planning and obtaining benefits through the Department of Veteran Affairs. She is revered by her colleagues in student engagement and advising, closely working with all offices, and offering her assistance where she can. She also has a strong knowledge base outside of Veteran Resources, including Registrar and Budgeting, which has been beneficial...during times of crisis. Her work is truly undervalued at the institution.”*

**Interested in nominating an outstanding employee for an MVP Award?** It’s not too late! Nominations may be submitted through the [12 Months of MCC MVPs Nomination Form](#).
