### **Theme: Success Starts Here: Envision The Possibilities**

Come and showcase the ways your academic support programs maximize student learning. This is our 2nd Regional Conference in the New England area, so join us to learn more about Supplemental Instruction or to share your best practices, research and experiences working with the SI Model. The following information will be printed in the conference program as provided below. Please note that the "Primary Presenter" will be the contact person for groups of two or more.
