

How to check/update your Google Chrome browser?

1. In your Chrome browser, click the three dots (**Customize and Control**) button
2. Click **Help**
3. Click **About Google Chrome**

4. You will get to a new panel with your device version

5. Chrome latest versions:

Platform	Version	Release Date
Chrome on Windows	101.0.4951.67	2022-05-12
Chrome on macOS	101.0.4951.67	2022-05-12

6. If you have an out of date version, just download Chrome again from [here](https://www.google.com/chrome/) or type in your browser: <https://www.google.com/chrome/>
7. If you have a school computer, you will need the administrator's credentials for the computer (by sending an e-mail to servicedesk@middlesex.mass.edu)
