

Middlesex Community College RFQ MCC-2024-09 Nesmith House Landscaping Services

Addendum # 1, Questions and Answers/Bid Modifications April 16, 2024

Questions and Answers

1. Wondering if you could clarify prevailing wage rates, as I was unable to attend the walk through this week. I see that the bid states that prevailing wage rates should be applied to grading of the soil and installation of trees, shrubs, grass, and other plants on page 3 of the bid form. But on page 6, sec. C. it says that the contractor must agree to comply with all prevailing wage rates. Since the contract is for maintenance and not the other things listed on page 3, would this mean that prevailing wage rates apply to the entire maintenance contract, or only if additional tree planting, grading work, etc. is asked for?

Yes, the prevailing wage rates only apply if additional tree planting, grading work, etc. is asked for.

2. Are you able to share information the previous contract amount and terms of the agreement for the Nesmith House?

This is the first year we are bidding the landscaping services in this format so we do not have a prior contract amount and terms of agreement to share.

Bid Modifications

Bid Due Date Change: Modify the bid due date as follows.
Change the bid due date and time from 04/17/2024 at 2:00PM EST to read
04/18/2024 at 2:00PM EST.
