**Navigating MCC GivePulse:**
It is important to know your way around the GivePulse database. The "Dashboard" is your personal homepage that tracks your total hours, impacts and lists the Service-Learning courses you are registered for on MCC GivePulse. Project-Based Service-Learning courses register for an "Event." MCC students completing Individual Service-Learning contact approved community partners directly, using the contact information on the MCC GivePulse database.

2. Once logged into MCC GivePulse, click on “Affiliates” on the home page.
3. The affiliates list is where all of the approved community partners are listed. There are over 100 community partners to choose from.

   a. If you cannot find their contact information, go directly to the community partner’s website to find that information. We suggest contacting them through your MCC email, not by clicking on the administrator’s name in GivePulse. Be professional and follow-up if you have not received a response within a week.
7. Once you have decided on an approved site, call or email to inquire about serving at that site. Plan to talk about if the site is a good fit, set up your service schedule, and fill out the required Service-Learning paperwork.
8. During your first meeting with your service site supervisor, please make sure your supervisor knows they will be receiving emails from GivePulse to verify your service hours (impacts).
