use of relevant info. literacy skills

Multicultural & Global Literacy

Example Activities

Museum of Fine Arts Field Trip
Isabella Stuart Gardner Trip
Photos of Cambodia
Science Behind Events in Japan
Speak Out & Day of Silence
LGBT Ally Training
Bradford Morse Lecture & Discussion
Culture-Fest

Example Evidence

Recorded Anecdotes
Survey Results
Demonstrated intercultural knowledge
Ability to respect diverse opinions
Reflection of historical perspectives
when making decisions

The Middlesex Community College graduate will use discipline-associated knowledge acquired at the college as a foundation for continued study and/or practical application. Additionally, the MCC community has identified six student learning outcomes. These skills and abilities are essential to students' learning and development. There is a wide range of curricular and co-curricular learning opportunities for students to develop and practice them to ensure that graduates are well-prepared for their future academic and career endeavors.

Institutional Student Learning Outcomes Co-curricular Engagement Opportunities

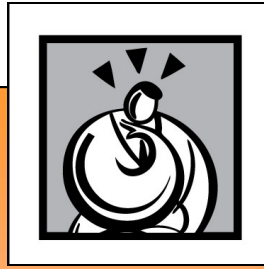

Social Responsibility

Example Activities

- House of Hope Service Event
- Alternative Spring Breaks

Example Activities

- Every Mother Counts Fundraiser
- Save the Children—Japan Fundraiser
- Budget Preparation
- Budget Review
- Budget Allocation
- Sports Score Keepers/Statisticians
- Battle of the Bands Set-up/Production (Analytical Reasoning)

Example Evidence

- Club Treasurer Reports
- Purchase Request Forms
- Budget Request Forms
- Budget Defense
- Fundraising Forms
- Revenue Deposits

Over 200 co-curricular events and programs occur during an academic year. Most of these offer hands-on opportunities for students to practice student learning outcomes and support their academic curriculum. In addition, over 35 clubs and organizations offer a distinctive learning experience where each active member will intensely practice at least 4 ISLOs. Faculty who are searching for a unique or individualized experience to compliment their syllabus are encouraged to meet with an engagement specialist to design a specific program that meets their needs.
