High school and homeschool students are enrolling now and are taking one or more classes with MCC this summer. Interested? Visit Admissions at www.middlesex.mass.edu/admissions/ and sign up to attend a required Dual Enrollment Webinar.

Almost all of our classes will be online this summer. Class formats include:

**Synchronous** – virtual class meetings on scheduled days and times with assignments completed online; a computer with a microphone and camera is required.

**Asynchronous** – involves working online independently completing assignments and meeting deadlines.

**Hybrid** – synchronous or asynchronous online format with students coming to campus for a weekly lab involving strict safety protocols that require PPE and social distancing.

*Note: Some courses with labs are entirely online.*

---

**DUAL ENROLLMENT** allows high school and homeschool students to complete college courses that will count toward their high school transcript and be used as transferrable college credits.

Dual Enrollment is a great value – the state-subsidized tuition rate for MA Dual Enrollment students is **$92 per credit**. MCC’s current in-state tuition rate is **$252 per credit**.

Graduate from college sooner with classes you completed while still in high school and save on college tuition!

**VISITING STUDENT** allows high school students who are not looking to meet high school course requirements, to have the opportunity to enroll in and complete college courses.

Visiting students earn transferable college credits that help them strengthen college applications and achieve personal enrichment goals.

These students pay the regular MCC tuition rate and can sign up for the monthly payment plan.
